SECTION 01

EXECUTIVE SUMMARY

HIGH-LEVEL ASSESSMENT — 7 SUBJECTS / 6 ORGANIZATIONS

◆ MISSION PARAMETERS

On 02 April 2026, a meeting screenshot was provided depicting 7 participants across 6 organizations spanning 3 jurisdictions (Canada, United States, offshore). A comprehensive OSINT investigation was initiated to identify all participants, map organizational relationships, assess credibility, and determine the likely nature of the engagement.

7	6	12	120+
SUBJECTS IDENTIFIED	ORGANIZATIONS MAPPED	OSINT TOOLS DEPLOYED	DATA POINTS COLLECTED

◆ PRIMARY ASSESSMENT

The meeting most likely represents a **cross-border capital raise or project financing engagement** involving a Toronto-based construction firm (Norseman), a Palm Beach investment advisory (Birch First), two early-stage fintech companies (Auracle Finance, XCAP), a management consultancy (Phipps), and a previously unknown entity (USTIB) likely serving as the deal's legal structure.

◆ CRITICAL ALERTS

- ✖ **USTIB.COM EXPIRES 12 APRIL 2026** — 10 days from report date. Domain in final period.
- ⚠ **PIER BJORKLUND** held 29.38% of public company via SEC SC 13D filing — confirmed activist investor.
- ⚠ **PHIPPS ↔ XCAP SHARED INFRASTRUCTURE** — identical email configuration confirms direct relationship between Jake and Mustafa.
- ▸ BIRCH FIRST DUAL ENTITY — Delaware advisory LLC + Virgin Islands offshore investment fund at same address.

3. Auracle Finance provides cross-border payment/wallet infrastructure
4. XCAP brings AI-driven financial execution or portfolio management
5. Phipps Consulting advises on operations/logistics (shared infra with XCAP = pre-existing alliance)
